Welcome To Tweepy!

## Internet's Most Loved TwitterAPI Python Library

Up-to-date with X's Latest API changes

[Read the Docs](#)

```
Example.py

import tweepy

auth = tweepy.OAuth1UserHandler(
    consumer_key,
    consumer_secret,
    access_token,
    access_token_secret
)

api = tweepy.API(auth)

public_tweets = api.home_timeline()
for tweet in public_tweets:
    print(tweet.text)
```

## Quick Docs

# FAQs

### Is Tweepy Library Free?

Certainly! Tweepy Library is an open-source, completely free-of-cost library. However, keep in mind that Twitter's API has both free and paid tiers.

[X API tiers](#)

### Why To use Tweepy Library?

A stand-alone Twitter API is overly complicated, and that's precisely the issue Tweepy resolves. It simplifies the use of the Twitter API through user-friendly functions.
